

Istruzioni per il download del MapUpdate tramite opzione **Download**.

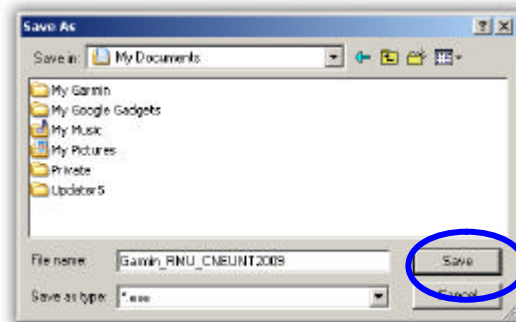

Una volta selezionata l'opzione "**Download**" vi verrà mostrato il **Product Key** che sarà inoltrato anche alla mail utilizzata nell'account: prendetene nota.

The screenshot shows the Garmin website interface. At the top, the Garmin logo is on the left, and navigation links for Company, Products, Solutions, Extras, Maps, Support, Shop, and myGarmin are on the right. Below the navigation bar, there is a breadcrumb trail: Home > Free Map Update. On the right side of the page, there is a welcome message for 'LEONCLAIRE' and links for myAccount, myOrders, mySupport, and Sign Out. The main heading is 'Order Receipt'. Below this, a message states: 'Your free map update is now available for download to your computer. Click the PC or Mac link below to install a download manager to assist you with and begin this download.' There are two links: 'PC Download' and 'Mac Download'. Below these links is a 'Product Key' field with the value 'UU725EA6' entered and circled in blue. Underneath the product key, there is a 'Tips' section with a list of instructions: 'Download manager window may take a few seconds to appear when you click on a link above.', 'You must enter the product key above during installation.', 'Update may take several hours to download. Use the download manager to pause and resume.', 'If you choose to wait, you will have 60 days to download this map update from your myGarmin account.', 'A link to this map update will expire 14 days after you first download.', and 'To view detailed instructions, see our map downloads user guide.' At the bottom of the page, there is a link to 'Return to myMaps' and a copyright notice: 'Copyright © 1996-2008 Garmin Ltd. or its subsidiaries | Privacy Statement | Terms of Use | Site Map'.

Una finestra vi informerà su Download Manager, dopo pochi secondi scomparirà e verrete invitati a scegliere in quale cartella salvare il file.

Vi suggeriamo di salvare il file in una cartella che vi permetterà di reperirlo facilmente, quindi cliccate su **Salva**.
